Training (with Assessment) Competence with Modules

Duration Notes: 2 days

Introduction

Stay safe and skilled with our comprehensive chainsaw and tree-felling refresher course.

This course is for those who are already operating in industry and need to complete refresher training as set out in the Chainsaws at Work INDG317 document.

Overview in brief

Chainsaws are powerful and dangerous tools.

It's essential that you keep up to speed with all the latest techniques and guidelines to ensure you stay safe when using them.

Our refresher course will do just that as well as demonstrating that you and your employer have completed sufficient training to meet the **Provision and Use of Work Equipment Regulations 1998 (PUWER)**.

It covers chainsaw use and maintenance as well as practical sessions in cross-cutting and felling trees.

The finer details

Our instructors will guide you through a balanced mix of theoretical and practical sessions.

You'll work on a number of appropriate techniques and safety guidelines. Key maintenance issues will be covered.

You'll also go over cross-cutting, handling and stacking timber and basic felling.
