

## NEWS UPDATE

### Change of Entry Routes for NHSS 12C

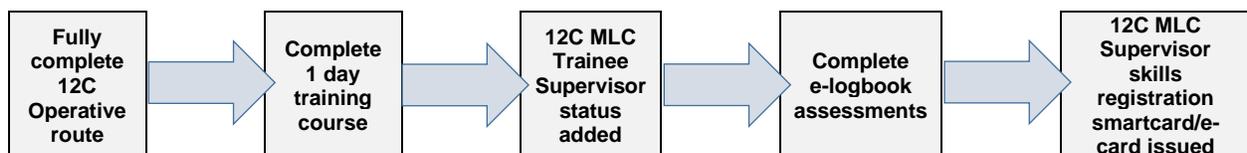

The NHSS 12C training materials have been updated and will be available to be utilised for delivery as from the 1<sup>st</sup> of April 2022.

The entry routes and duration of 12C courses has changed in line with the material update and will follow the methods shown below for each of the 12C categories.

The 12C Operative course will now be a 1 day duration, the 12C MLC Operative route for achievement is:

The 12C Supervisor course has also been changed to a 1 day course and the 12C MLC Supervisor route for achievement is:

The 12C Planning Officer entry route has also been updated as shown below:

#### Route 1:

Holds a current 12C MLC Supervisor qualification as described above and shall be recorded in the organisation's quality plan.

## Route 2:

Has at least two years demonstrable practical experience of planning and/or design of temporary traffic management and successfully completes the Supervisor training only, which will lead to the card being endorsed as non-supervisor.

Renewals of 12C MLC categories will consist of completing the 1 day 12C Operative training course to renew exiting 12C Operative Skilled Worker categories or completing the 1 day 12C Supervisor training course to renew existing 12C Supervisor and 12C Planning Officer categories.
